

YES, I want to bring food, hope, and meaningful jobs to Afghanistan. Let's restore the long tradition of cultivating trees for a harvest of fruit, nuts, wood, and as a source of income.

I am enclosing a contribution to support the crucial work of the Global Partnership for Afghanistan:

- \$5,000 will construct an underground storage facility, allowing farmers to obtain optimal prices for their produce
- \$2,500 will lift one Afghan family out of poverty by establishing a small poplar woodlot.
- \$1,500 will create one family orchard, including trees, tools and training.
- \$1,000 will revitalize an orchard.
- \$500 will provide the initial planting material for a half-acre tree nursery.
- \$200 will deliver 10 native fruit trees and supplies needed to support the planting.
- \$100 will provide tools and fertilizers for one family orchard.
- \$60 will plant three poplar trees.
- Other _____

Checks should be made payable to Global Partnership for Afghanistan.
